ANZ POS Move™

Self - Installation Guide

INITIAL SETUP

1 Plug in the base of your terminal to a power outlet and place the terminal on the base.

2 If you have an internet modem or router available, connect the Ethernet cable, supplied, to the port located at the back of the terminal base and into your Internet cable port on your router.

3 If you have Wifi available, refer to **HOW TO CONNECT TO A WIFI NETWORK – STANDALONE** on page 3 of the **ANZ POS Move Quick Reference Guide** to setup.

4 If you do not have Ethernet or Wifi available, your terminal is pre-configured to use a mobile telecommunications network, and is ready to use.

INSTALL PAPER ROLL

1 Open the paper compartment by lifting the catch located at the rear of the terminal below the contactless symbol. Pull the cover towards the rear of the terminal.

2 Insert the paper roll in the compartment.

Pull the paper up to the top of the terminal as shown and hold in position.

Close the compartment cover.

ⓘ NB – All paper rolls are the same size.
You can use paper rolls that you have for your current terminal.
